

INTRODUCTION TO FINE

Finland
International
Education

Finland International Education (FINE) brings an Early Childhood Education and Care (ECEC) **solution, which combines professional daycare and high-class education.** Our FINE Pedagogy is based on the values and principles of the Finnish National ECEC.

Official member of the Finnish national export program **Education Finland** (coordinated by the Finnish National Agency for Education)

FINNISH NATIONAL
AGENCY FOR EDUCATION

Finnish National Agency for Education supports the FINE in the activities in early childhood education and care, and training related to it.

MISSION

To bring Finnish early childhood education to the children around the world

VISION

To be the leader in high-quality early childhood education in our target markets around the world

A close-up photograph of a pair of hands, possibly belonging to a child, holding a small, white, knitted heart. The hands are wearing light-colored, textured gloves. The background is softly blurred, showing more of the hands and the heart.

**Our values are
trust, respect and equality**

**We provide you the skills
and the knowhow to educate
children to think, learn
and solve problems
while having fun**

Licenses

- **FINE Daycare and Kindergarten License**
- **FINE Play School License**

Training Programs

- ECE Study Visit to Finland
- ECEC Teacher Training
- ECEC Management Training
- Introduction to Phenomenon-based Learning
- Trainer Training

FINE Pedagogy

The goals are:

- to prepare the child for living in their community and the global world
- to help the child to grow up into a happy human being
- to provide the child with the best possible basis for life-long learning
- to support the child's holistic growth, development and learning
- to bring Finnish ECEC expertise within the reach of children in different parts of the world.

**FINE Pedagogy makes every day
a fun, inspiring and educational
experience for every child while
supporting the educational
requirements of the local society.**

WHAT

PEDAGOGICAL CONTENT

Learning content from different fields create the learning areas. In FINE we have five different learning areas. These learning areas help children to develop not only subject specific skills, but also their comprehensive competences and skills needed in life.

HOW

PEDAGOGICAL METHODS

FINE Pedagogical methods include carefully chosen ways of teaching, which are based on Finnish pedagogy. These methods help children to learn about the world around them, in a child-centered manner.

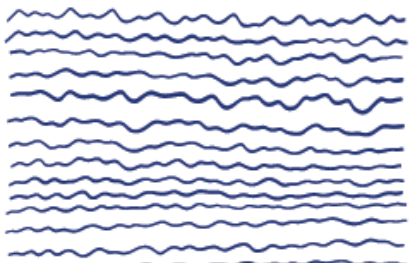

**It's not just
random play.
It's learning
through play**

FINE Training Programs and Additional Products

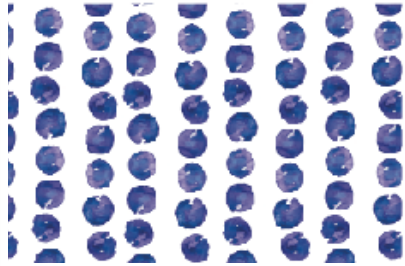

FINE TRAINING PROGRAMS

ECE Study Visit To Finland

Interested in learning more about the Finnish early childhood or K12 school education and teaching in practice? Or would you like to know more about Finnish education in general? Come to our tailor-made study visits of the Finnish education.

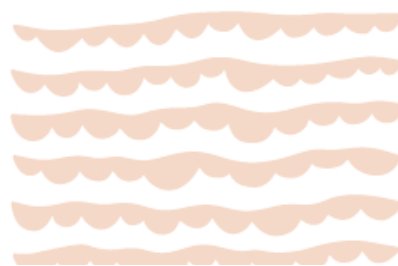

Duration: 2–5 days, tailor-made program

Introduction to Phenomenon-based Learning

Find out what the renowned phenomenon-based learning is all about. This intensive training gives you an all-encompassing overview of phenomenon-based learning and its practices. You will learn about the Finnish way of teaching, both in theory and in practice, with our expert trainer.

Duration: 2 days

ECEC Teacher Training

The ECEC Teacher Training is for teachers, who have prior work experience and basic knowledge about early childhood education. This course gives teachers valuable tools to equip them to meet the challenges of today's educational world and learn the FINE pedagogical methods and knowhow.

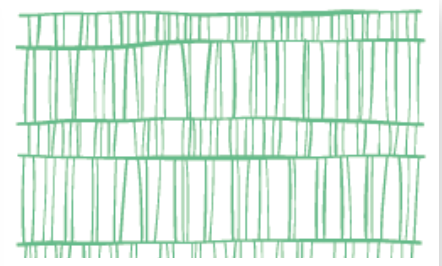

Duration: 2 weeks

ECEC Management Training

Enhance your management skills in the field of education. The ECEC Management Training provides you with the necessary skills and tools to support your continuous success in the field of education. This training is for directors, administration and operational staff in ECEC.

Online or onsite training.

Trainer Training

This program is for early childhood education professionals, who are interested in training teachers in the FINE way. The Trainer Training provides the participants with the necessary skills and knowledge to deliver effective ECEC Teacher Training. Attendees must have completed the ECEC Teacher Training.

Duration: 1 week, and co-training period.

Are you interested to get a sneak peek to Finnish phenomenon-based learning?

The FINE Theme Package gives a great opportunity for early childhood education teachers to explore the phenomenon-based learning method and to get new ideas and inspiration for one's own work.
